New York 17, New York

Helf. Case # 582-338  
P. M. 322

Dear Mr. Helferich:

I have discussed with Dr. Seligman and consulted with Dr. Wakeham concerning the advisability of filing foreign applications on the selective alkaloid extraction of tobacco. Dr. Wakeham says, "Obtain maximum foreign coverage. This is a valuable process."

Will you go ahead with anything that you feel will give us maximum coverage in foreign countries?

Sincerely,

*TCH*
